Re: Chemetco Superfund Site in Hartford, Illinois

Dear Ms. Kerr:

I am writing in response to the General Notice Letter issued to Paul Mattuchio, Inc. ("Mattuchio") by the U.S. Environmental Protection Agency ("EPA") dated November 30, 2011, with respect to the Chemetco Superfund Site in Hartford, Illinois (the "Site"). Our firm is working with Mattuchio to assess the company's involvement with the Site and to evaluate its response to the General Notice Letter and Request for Information. In order to conduct this assessment, we would appreciate receiving copies of all of the documents and information that EPA relied on when it determined the total weights attributable to Mattuchio in the "Potentially Responsible Parties Weight List" that was attached to the General Notice Letter as Exhibit B, including the information that supports the data for the total weights in categories A (Excluded from Definition of Scrap Metal), B (Combustibles), C (Computer Parts) and D (Miscellaneous).

Please provide a copy of all the documentation that EPA has in its possession, custody and control that supports the total weight calculations for all materials attributable to Mattuchio related to the Site.

Please do not hesitate to contact me. Thank you for your cooperation.

Sincerely,

Peter F. Durning

Re: Request for Chemetco Site Documents Related to Paul Mattuchio, Inc.

Dear Mr. Durning:

The U.S. Environmental Protection Agency received your letter of January 9, 2012, concerning the Chemetco Superfund Site in Hartford, Illinois. I have forwarded your request for information to our Regional Freedom of Information Act Office, from whom you can expect a response. They can be contacted at r5foia@epa.gov or 312.886.6686. This information is provided on the informational DVD that will go out this week to recipients of General Notice Letters that requested one at the 12/20/11 Information Session. Thank you for contacting us.

Sincerely,

Michelle Kerr
